

INTRODUCING

LED CFL
RANGE

AVAILABLE NOW

NEW LED CFL RANGE

AVAILABLE NOW

- Standard form factor to replace traditional CFL lamps
- Warm white (3000K) and Cool white (4000K) options
- Tested and performance checked
- Passive heatsink design
- High Efficiency of up to 138lm/W
- Up to 69% Energy Saving over standard CFL Types
- Good light distribution like standard CFL types
- Flicker free
- Glass based product giving a traditional look and feel
- Ambient Temperature range of -20°C to 50°C

○ All lamps conform to the following standards

- EN62560
- EN62493
- EN55015
- EN61000-3-2
- EN61000-3-3
- EN61547

Warm White 3000K	Cool White 4000K	30,000 HOUR LIFE	IP20 RATED
---------------------	---------------------	---------------------	---------------

2 YEAR Manufacturers Warranty

WHY?

Product Benefits

- Easy Installation
- Low Energy Consumption
- Re-lamping projects made easy, traditional CFL form factors
- Direct to mains AC
- Multi directional lighting

WHERE?

Areas Of Application

- General areas of illumination
- Supermarkets and shops
- Walkways and corridors
- Office buildings
- Hotels and restaurants

LED CFL Single Turn S Type 2 Pin

LED Replacement lamps for CFL PLS G23-2 Pin fittings

LED LS Lamps

Glass body LED lamp used in small decorative luminaires, floor standing luminaires and in domestic and commercial applications these energy efficient lamps are designed to replace CFL PLS lamps and use less than half the wattage of traditional CFL lamps.

Working With Crompton Lamps

Founded in 1878, Crompton Lamps has always been at the forefront of lighting innovation, from installing some of the earliest recorded electrical lights to manufacturing and distributing today's modern lighting solutions.

Experienced Team

Our management team has amassed 50+ years of working within the lighting and electrical industries. This valuable experience plays a vital role in providing the right business direction, product selection and leadership.

Next Day Delivery Service

We offer a competitive and comprehensive Next Day delivery service for orders placed Monday - Friday before 4pm. We are committed to providing a fast and reliable delivery service that customers can depend on.

Dedicated After Sales and Customer Service

Customer service has always been our priority. We want to ensure customers have the best possible experience when working with us. A key part of our service is providing strong after-sales care through our sales and customer service teams.

Broad Range of Lamps, Fittings and Technologies

We offer a complete lighting solution for a variety of applications. We understand that LED technology is the present and future of lighting but we still know the value and marketplace importance of traditional lighting technologies.

Large Stock Holding

Our UK warehouse has stock-holding ensuring we have the products customers need ready to be picked, packed and despatched, day after day, week after week.

Online Portal and Ordering

Our online store and website allows customers to quickly login and receive services that include online ordering, view order history, real-time stock availability and prices, marketing material and detailed product information.

In-house Quality Control and Testing

We have built a strong reputation for quality and remain dedicated to providing customers with the highest standard products. We test all products in our on-site lab and testing facilities, giving us full confidence in our marketplace products.
