# Tri-Colour Select

3000K  
Warm White

4000K  
Cool White

6500K  
Daylight

All options in the Melana range feature tri-colour select allowing the colour temperature to be easily and quickly switched from 3000K warm white, 4000K cool white or 6500K daylight. This offers a variety of choice for different lighting schemes and cuts down on stockholding.

## Dual Wattage Selection - 11W or 15W

With an approximate 35,000-hour life and high efficiency of 80lm/W, the Melana will significantly cut energy costs and stockholding.

# Microwave Sensor and Emergency Model

## Microwave Sensor

The Microwave Sensor models are the ideal solution for areas that don't require constant light but need to provide high-quality illumination when triggered. The Microwave sensor has a 5-7m range, 30 second hold time, 140° angle and dims to 10% when there is no detection..

## Emergency Model

The emergency model features integrated 3-hour emergency function with a 24hr charge time and 3-hours running time at reduced light output.

# Grille and Eyelid Cover Options

## Grill Cover

In high foot traffic settings the optional grill cover provides added protection and a decorative finish.

## Eyelid Cover

In settings where light is required to be directed in a particular direction the optional eyelid cover is the ideal solution.

## Flicker-free Light

The Melana emits flicker-free light which helps to create a more comfortable lighting environment. This helps to eliminate eye-strain, reduce staff illness and improves overall light quality.

Ambient Operating Temperature

## Fast, Easy and Cost Efficient Installation

The Melana has been developed and designed with easy installation in mind and features a fast install loop-in/loop-out terminal block. This ensures that the installation process is not only fast but also cost efficient.

## Benefits of Loop-in/Loop-out

- Tool-less wiring connector
- Simplifies the installation process
- Reduces time required for installation
