

# 12V LED G4 Capsule

A++ energy rated LED G4 capsule lamp for display and accent light fixtures. Featuring a silicon design that closely resembles the shape and size of a halogen G4, making the lamp ideal for direct retrofit in existing fittings.

- 6,000 hour life
- 12,000 switching cycles
- 2700K warm white or 4000K cool white
- Colour rendering index Ra≥80
- Not suitable for dimming
- Recommended for indoor use only

\* Compatible 12V LED G4 lamps will operate with most 12V transformers. However, some 12V transformers may have a minimum required load which may not be met when installing low powered LEDs; these transformers may cause flickering or the LEDs not to function correctly. If in doubt, Crompton Lamps can supply a suitable LED driver (Part number: LEDDRIVER10W) which is guaranteed to drive up to 5 LED G4s. Contact Crompton Lamps for more information or for prices of our LED Driver.
