

## Verona CCT & Wattage Adjustable IP65 Bulkhead

11W/15W/18W

This instruction sheet is relevant to Verona CCT & Wattage Adjustable IP65 Bulkhead part code: 17801

THANK YOU for purchasing this PHOEBE LED product. To help ensure this luminaire gives complete satisfaction please only use it according to the following instructions, and then pass the instructions to the appropriate person for retention and future reference.

### Warning

1. Installation only to be carried out by a qualified electrician
2. Please ensure the surface is suitable and capable of holding the lamp weight.
3. Do not operate if the product is damaged.
4. This product is not suitable for fire-rated installations.

### Environmental Protection

Waste electrical products should not be disposed of with household waste. Please recycle where facilities exist. Check with your Local Authority or retailer for recycling advice.

The light source of this luminaire is not replaceable; when the light source reaches its end of life the whole luminaire should be replaced

### BEFORE YOU START

PLEASE READ ALL THE INSTRUCTIONS CAREFULLY

Prior to installation – Turn the Power off at the mains

Installation complete – Turn the power back on at the mains

Circuit Testing – For high voltage circuit insulation testing disconnect the mains input supply first (do not circuit test using a Megger)

Images are for information only. Phoebe LED shall not be held liable for improper operation of the luminaire in circumstances where procedures and specifications have not been followed correctly. Crompton Lamps Limited 2024
