INSTRUCTIONS RELEVANT TO THE FOLLOWING PHOEBE LED PRODUCTS ONLY: **5594, 5600, 5617**

**THANK YOU for buying this PHOEBE product.** To help ensure this luminaire gives complete satisfaction please only charge and use according to the following instructions, and then pass the instructions to the appropriate person for retention and future reference.

**SAFETY** This Product utilizes a lithium-Ion battery which if charged or used improperly may rupture, ignite and cause serious Injury or damage to property. Please adhere to the following warnings.

- DO NOT** Place batteries or devices in fire or high temperatures
- DO NOT** tamper with the battery or luminaire.
- DO NOT** Puncture or damage the battery.
- DO NOT** charge or use batteries/chargers that appear damaged.
- DO NOT** immerse or expose the batteries in water
- DO NOT** attempt to charge the batteries with chargers of incorrect specification.
- DO NOT** dispose of battery in fire or water.
- DO NOT** leave on charge in excess of 24 hours.
- DO NOT** alter or modify the battery or luminaire.

**NOTE** After charging replace the water protection cap to ensure IP65 rating, Batteries are fully charged before delivery. Batteries will gradually dissipate charge even when luminaire is switched off, please charge at least every 6 months.

**WARRANTY** This product is warranted to be free of defects in materials, design and workmanship for 2 Years from the date of purchase. If a suspected fault should develop in this time, please contact your local distributor. This warranty does not extend to consumable items such as lamps and fuses.

**SUPPORT** If advice or accessories are required, please contact your local distributor. When reporting a suspected fault or seeking support, the problem is likely to be resolved most quickly if you have full product details to-hand, as well as details of when and where it was purchased.

### ASSEMBLY (SEE IMAGE LEFT) **WORKLIGHT 5600 and WORKLIGHT 5617**

1. Place the luminaire head together with the base.
