## Compact Design

The Firesafe features a compact design with a total height of just 65mm (When guards are in down position) and a diameter of 89mm.

## Insulation Guards

The adjustable guards prevent the Firesafe from being covered by insulation, improving ventilation and increasing safety.

# Fast, Easy and Cost Efficient Installation

The Firesafe LED Downlight is supplied with a separate loop-in/loop-out constant current driver that can be installed during the first phase of a new build or re-wiring project. Cut-down on labour costs by installing the downlight body during the final fix.

## Benefits of Loop-in/Loop-out

- Tool-less wiring connector
- Simplifies the installation process
- Reduces time required for installation

## Dimmable

Features smooth dimmable operation with DuoDim Technology ensuring compatibility with trailing and leading edge dimmers.

For a full list of compatible dimmers please visit [www.cromptonlamps.com](http://www.cromptonlamps.com)

## Excellent Cost Savings

At just 8.5W with a 50,000 hour life and 100,000 switching cycles, the Firesafe will save you money.

Annual running cost  
**£3.12**

Based on annual usage 7hrs/day @ £0.1437kWhr
