INSTRUCTIONS RELEVANT TO PHOEBE LED FLEXI STRIP-LIGHT KIT CW 5m PRODUCT 12509 ONLY

THANK YOU for buying this PHOEBE LED product. To help ensure this LED Flexi Strip-Light gives complete satisfaction please only use it according to the following instructions, and then pass the instructions to the appropriate person for retention and future reference.

Warranty

This product has been manufactured to strict quality standards and comes with a three-year manufacturer's warranty. If you have any cause for complaint then please contact the dealer where you purchased the product who will handle any replacements, where applicable.

Safety

1. Do not operate the LED Flexi Strip-Light if damage is visible on any cables.
2. If used on the floor the cable must be protected against unnecessary damage.
3. Make sure the power is switched off when cleaning or mounting the LED Flexi Strip-Light.
4. Do not look directly at the LED chips.
5. Do not cover the LED Flexi Strip-Light while in operation.
6. Not compatible with other styles of LED Strip Light or other electrical devices.

Environmental Protection
Waste electrical products should not be disposed of with household waste. Please recycle where facilities exist. Check with your Local Authority or retailer for recycling advice.

How to Affix the LED Flexi-Strip Light to a Surface

1. Peel back the 3M Adhesive backing.

2. The surface must be clean and free from dust and grime.
3. Press the LED Flexi Strip-Light firmly into place.

Connecting the LED Flexi-strip:

AC 220~240V

Cutting/Re-connecting the LED Flexi-Strip:

- 1: Cut strip carefully at the indicated points on the strip
- 2: To re-join use a supplied connector, or 15cm connecting lead, part 12547 (available separately)
- 3: Open the end of the connector as shown
- 4: Line up the strip face up, ensure the + symbols are aligned
- 5: Close the connector firmly to pierce the LED Flexi-Strip
