

# Fireglow GLS and Candle

Fireglow lamps are widely used in decorative feature fires. They are sprayed with a red fade resistant lacquer to maintain its decorative effect. For particularly hot conditions, colourglazed lamps are recommended (see page 106).

- 2,000 hour life
- Fade resistant Fireflame red lacquer
- BC-B22d, 3 pin BC-B22d, SBC-B15d, ES-E27 or SES-E17 cap
- Internally fused for safety
