

# PHOEBE LED GALANOS ATHENA LED PANEL

Features Edge-Lit Technology with High Efficiency

3-Hour Emergency Conversion Kit Available

- Edge-lit technology
- High efficiency  $\geq 90\text{lm/W}$
- IP20 rated
- 3000K, 4000K and 6000K colour options

# 36W High Efficiency Integrated LED Panel

The Galanos Athena has been designed to be the ideal solution in commercial settings where suspended grid ceilings are installed.

It features edge-lit technology and produces uniformed light across the surface. With a high efficacy of  $\geq 90\text{lm/W}$ , the Galanos Athena is both cost and energy efficient.

Constructed with a robust aluminium frame and housing, The Galanos Athena is both durable and reliable with a 30,000 hour maintenance free life.

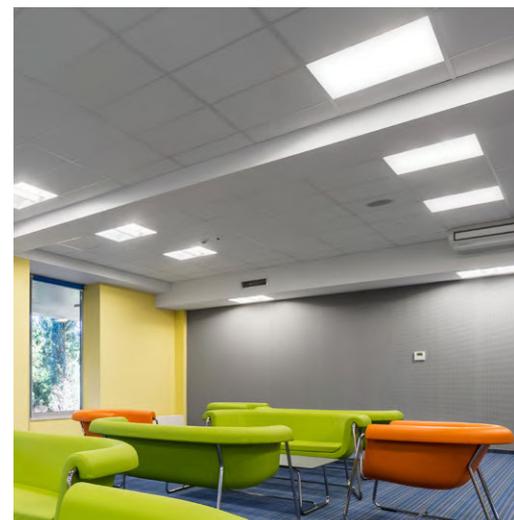

3-Hour Emergency Conversion Kit

- Constructed with aluminium frame and housing
- Edge-lit technology
- 120° beam angle
- Long life 30,000 hour maintenance free operation
- High efficiency  $\geq 90\text{lm/W}$
- -25° to 45°C ambient operating temperature
- IP20 rated
- For indoor use only
- Not suitable for dimming
- 3 year warranty

## Adaptable and Reliable

The Galanos Athena's reliability and dependability make it ideally suited for poorly lit settings such as offices, hospitality and other commercial settings that require quality light.
